

Maintenance/Nursery Hand

Wallum Nurseries Pty Ltd is Australia's largest wholesale tube stock nursery which specialises in Australian native tube stock for revegetation. Wallum Nurseries Pty Ltd seeks to be respected in the market for its depth of knowledge, innovative ideas and as a centre for excellence in native revegetation species.

Wallum Nurseries Pty Ltd is currently seeking a **Maintenance/Nursery Hand**. We are looking for a motivated team player with previous experience in maintenance. Ideally the applicant should pose a good knowledge and experience in the field of pumps and irrigation, general mechanics, building repair and maintenance. The role can be physically demanding at times. The role involves:

- Maintaining irrigation systems and pumps
- General maintenance of the nursery
- Mechanical repairs and maintenance of nursery equipment
- Delivery of plants
- General nursery duties which include packing, weeding, growing maintenance, cleaning and dumping.
- Working in a team environment

Overview of Responsibilities

- Previous experience in the nursery industry or like industry
- Mechanically minded
- A self-driven, motivated, enthusiastic, friendly and energetic
- Enjoys working in the outdoors in a variety of different environmental conditions
- Willing to learn and grow with the company
- Manual driver's license

The Role

Wallum Nurseries Pty Ltd is a wholesale nursery based in Gumdale Brisbane. Hours of operation are Monday to Friday 7am to 4pm. There is some flexibility with hours and days.

To be considered for an interview, please email through your resume along with a cover letter.
